Education

Bachelor of Software Engineering
GISMA University of Applied Sciences
Berlin, Germany
Current student

Higher Secondary Education
Bio-Maths, India
Completed in 2024

Skills

- Python basics
- Java basics
- HTML and CSS
- SQL databases
- LaTeX documentation
- Problem solving
- Team coordination

Languages

Malayalam - Mother tongue
English - Good communication
German - Basic to intermediate and still improving

ARJUN BIJOY

Software Engineering Student

I am a Software Engineering student studying at GISMA University of Applied Sciences in Berlin. I am developing my skills in programming, web development, and databases.

Profile

I have interests in technology, software development, and problem solving. I have worked on academic projects using Python and SQL that helped me understand programming logic, database design, project structure, and how to organise technical work. I am still developing my skills.

Projects

Python University System

Python project based on a university system for organising data entry.
github.com/arjunbijoy1917r-cmyk/python-university-system

University Database Project

SQL database project based on a university management system. It includes tables, sample data, relationships, and basic queries.
github.com/arjunbijoy1917r-cmyk/university_database_project

Academic and Technical Exercises

- Practiced beginner-level exercises in Python, HTML, CSS, SQL, and LaTeX.
- Created simple web pages and database-related project files.
- Learned how to organise project folders, write basic documentation, and upload work to GitHub.

Portfolio

Computer Science Lab Portfolio

This portfolio contains my computer science lab work and learning progress.
